

BAKER FURNITURE IS ABOUT THINGS CHOSEN WELL RATHER THAN OFTEN.

- HOLLIS BAKER

Baker speaks the language of style. Celebrated for the purity of its work, from striking original proportions to inspirations from today's most preeminent designers, Baker is the place for the classics and the unexpected.

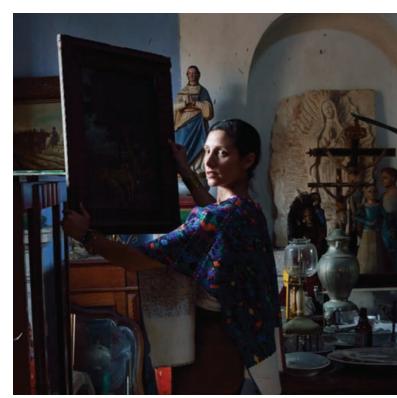

Each collection is assembled one item at a time, from wood acquired for it alone and from fabrics found the world over. Each piece reveals the hand of the craftsman whether carving or inlay or a well-fit drawer with no room for compromise and no two the same.

LAURA KIRAR'S

most recent furniture collection for Baker invites us into her personal journey of travel and collecting. The stylish pieces are emblematic of a passionate commitment to discovery and her evolving art and design. Global travels inform the collection as well as a dedication to supporting indigenous crafts around the world. Unbounded by aesthetic movements or locales, Kirar blends divergent influences to create relaxed and elegant designs that also are imbued with meaning.

The Lola Chaise represents the ultimate in modern elegance, with its angular and multi-faceted design. Its form speaks to the elegance of the Deco Era, while its geometric and complex lines allude to contemporary design. The chaise is an ideal complement for a boudoir or living room.

HERMANO HERMANO SOFA · 6114S HELMUT SIDE TABLE . 9164 HERMANO CHAIR . 9105 JADE ACCENT TABLE • 9167 BIE ACCENT TABLE • 9166

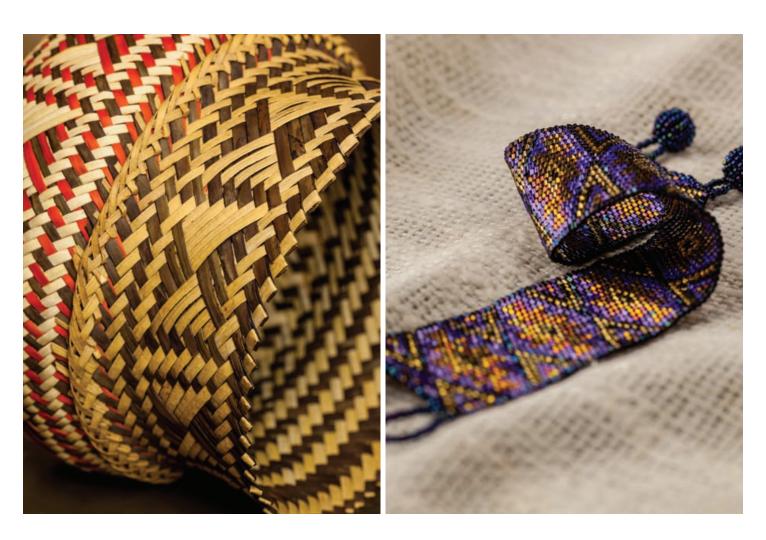

This comfortable and expansive sofa features a turned leg, which serves as the signature detail, reminiscent both of old-world European detailing and mid century glamour. The Hermano references days past, while enduring the contemporary:

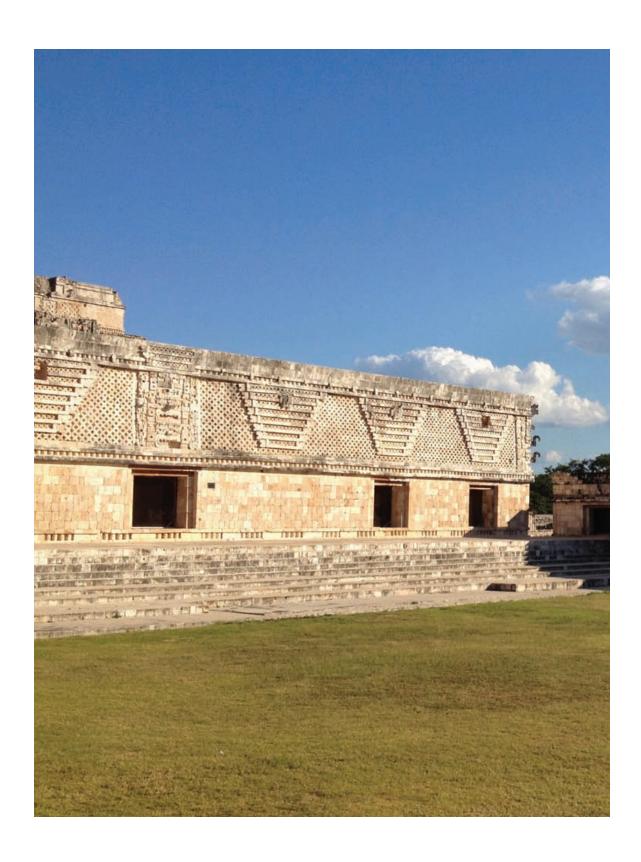

TONIO CHEST TONIO CHEST • 9106 NARWHAL CHAIR • 9118

The Tonio Chest serves as an excellent example of Kirar's ability to curate influences from different movements. This chest, which can function as a desk, bar or storage piece, marries decorative elements inspired by primitive weavings and traditional Spanish floor tiles with functionality reminiscent of Art Deco highboy chests.

NARWHAL CHAIR

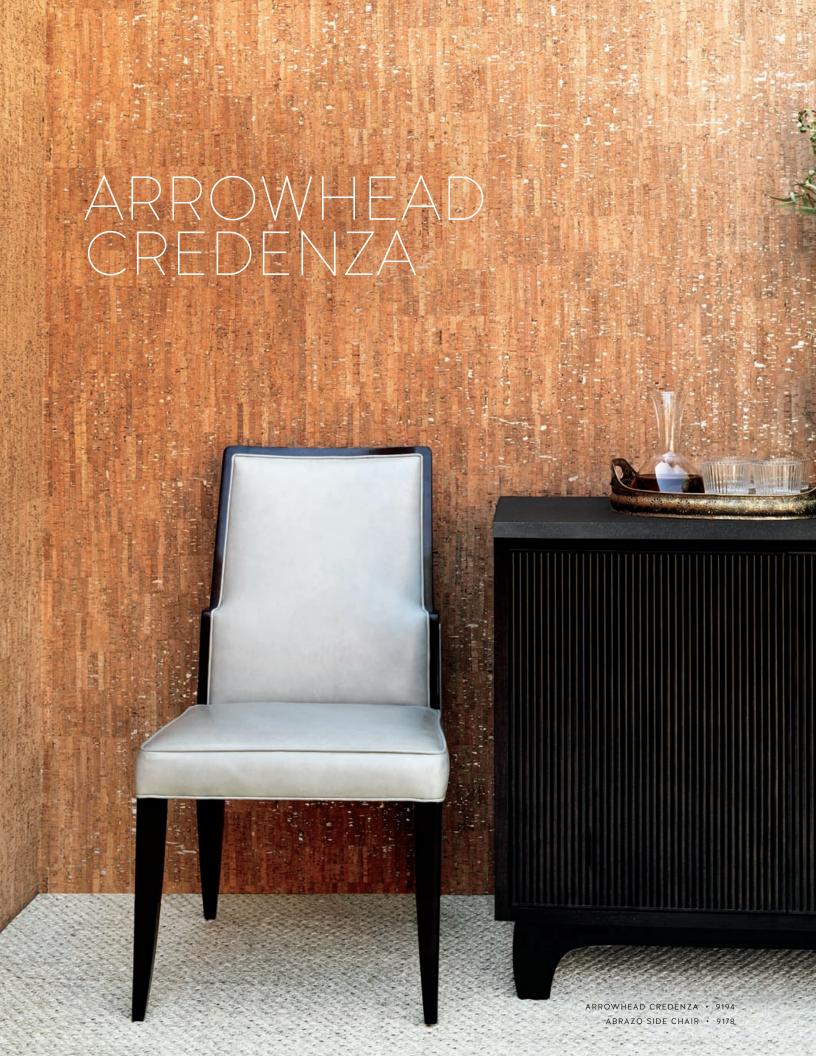

The Narwhal Chair flows seamlessly from desk to dining room. It takes design cues from nautical furniture, the mythical unicorn and the very real narwhal that meanders in our oceans.

Various influences are found in this exceptional storage piece. Arrowhead references myriad design movements, with the clean forms found in Danish modern, the formal style of English and geometrically-inspired Art Deco era and integrates primitive-inspired metal work. This piece showcases Kirar's ability to think beyond time and place and use her vast design knowledge to create beautiful and functional furniture.

The Ironage Chair is a perfect art element for any room. This signature piece is defined by turn-of-the-century inspired finishes that will appeal to anyone who loves style in iron, wood, and brass, with tight upholstery.

CARTA An elegant addition for the home office or study, this writing desk showcases a cast metal panel and a geometric lattice made of brass with gold finish. The relaxed opulence of the Carta collection provides its users the opportunity to experience first-hand Kirar's design travels. CARTA DESK · 9189 FRANCIS ARM CHAIR • 9193

As practical as it is attractive.

A perfect bedside or end table with two soft close drawers. The chest is composed of beautiful veneer that forms unique geometric patterns of converging fields and an x-base stretcher and frame in brass.
