THE MILLING ROAD COLLECTION

THE MILLING ROAD COLLECTION MAKES GREAT DESIGN, MATERIALS, AND CRAFTSMANSHIP RELEVANT TO ANY LIFESTYLE.

From an atelier in Tuscany to a boutique in Vienna, from a flea market in Paris to a shopfront in the wine country, the colorful furniture of the Old World has an unassuming charm. Rather than period or style, the eye is drawn to a medley of handsome shapes, each with the glowing patina of age.

These are timeless forms, rooted in the heritage of European traditional furniture, yet interpreted with unexpected materials and functionality that suit today's informal lifestyles. Classics with a wry designer twist. Polished but never prim, each item from Milling Road can be dressed up or down — sometimes crisp, sometimes comfortable. Each form is distinctive yet familiar, as though it has always belonged in the room. The result is an uncommon sense of longevity — from one decade to the next, from one home to the next, from one room to the next, from one use to the next. Milling Road fits the way people live.

"Baker Furniture is about things chosen well
rather than often."

- HOLLIS BAKER

Baker speaks the language of style. Celebrated for the purity of its work, from striking original proportions to inspirations from today's most preeminent designers, Baker is the place for the classics and the unexpected.

Each collection is assembled one item at a time, from wood acquired for it alone and from fabrics found the world over. Each piece reveals the hand of the craftsman — whether carving or inlay or a well-fit drawer — with no room for compromise and no two the same.
