

ABOUT US

LO STRAORDINARIO QUOTIDIANO

Dal 1997 **Emporium** coniuga idee, materiali e stile per creare oggetti destinati alla vita di tutti i giorni. Con **Emporium** il design diventa pratico ed accessibile, il quotidiano si trasforma in una esperienza straordinaria, reinterpretando il concetto di luce e di spazio.

Nelle due collezioni "**The Special Light**" e "**Living Book**" il metacrilato, il policarbonato, il legno e le materie plastiche termofuse e riciclate prendono forma grazie a un mix di creatività ed esperienza. Illuminazione e complementi d'arredo vengono pensati per generare emozioni e suscitare un'inequivocabile sensazione di benessere.

POSITIVE DESIGN è il linguaggio di Emporium: una filosofia, un pensiero, uno stile di vita diverso e un modo nuovo di vivere il proprio ambiente. Nascono così creazioni in perfetto stile **Emporium** dal design leggero, essenziale ed ecosostenibile, per entrare nelle case di tutto il mondo. Tutti i prodotti sono **MADE IN ITALY**.

THE EXTRAORDINARY EVERYDAY

Emporium is a very fresh brand established in 1997 to promote a new culture of the extraordinary beautiful everyday through objects for lighting and living solutions all 100% designed and made in Italy.

Since the early years Emporium has been combining ideas, materials and Italian style to create elegant suggestions to surround us day in, day out.

POSITIVE DESIGN is the language of Emporium: a philosophy, a thought, a different lifestyle. Design with Emporium becomes practical and accessible; the everyday becomes an extraordinary experience, reinterpreting the concept of light and space. In the two collections "The Special Light" and "Living Book" methacrylate, polycarbonate, wood and recycled plastics take shape thanks to a mix of creativity and experience.

Lighting and complementary furnishings are conceived to evoke emotions and offer up an unequivocal feeling of well-being.

This is how products are created in the perfect Emporium style, giving them a very light, essential and sustainable design for our worldwide clientele.

*All products are **MADE IN ITALY**.*
