Alco is a sensorial catharsis: a pleasure to the eye and seduction to the touch. Both versions, suspended or ceiling mounted, in both sizes, flood the ambience with an embracing light. Its streamline design bestows a new meaning to style: the two semicircular flaps covered in precious and removable kvadrat fabric, create a wonderful setting even when the lights are off.

FR

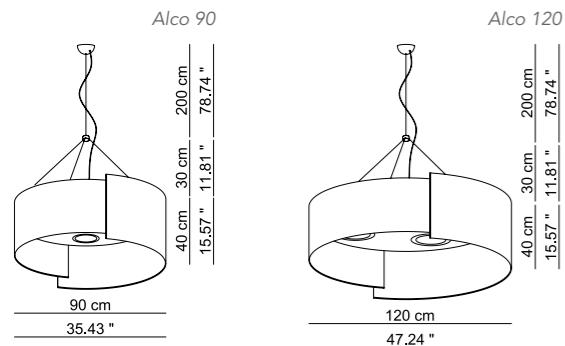

Alco est une délivrance des sens, une cajolerie pour la vue et une fascination pour le toucher. Dans ses deux versions, suspension ou plafonnier, et dans les deux tailles, Alco inonde l'espace d'une lumière enveloppante. Ses lignes essentielles revêtent le style d'un nouveau sens: les deux éléments semi-circulaires recouverts de précieux tissu kvadrat et déhoussable réalisent une scénographie merveilleuse même quand les lumières sont éteintes.

Alco ist eine Katharsis der Sinne: eine Verlockung für die Augen und eine Verführung für den Tastsinn. In beiden Versionen, sowohl als Hängelampe als auch als Deckenleuchte, und in beiden Größen, flutet sie den Raum mit einem faszinierenden Licht. Deren essentielle Linien verleihen dem Stil einen neuen Sinn: die zwei mit kostbarem und abnehmbarem Kvadrat-Stoff überzogenen halbrunden Schalen erzeugen auch bei ausgeschaltetem Licht eine wunderbare Szenerie.

BAOBAB

I suoi rami sottili sono linee del desiderio che inseguono la luce e creano intrecci armoniosi nello spazio. Baobab, lampada a sospensione o da terra, esaudisce la perenne ricerca del bello con un etereo gioco di luci, geometrie e trasparenze. Le lampadine di grandi dimensioni, poste alle estremità di un telaio metallico quasi impercettibile, ridefiniscono il concetto di stile. Un contrappeso in pregiato metallo, rimando colto al design italiano degli anni Cinquanta, mantiene in asse l'esile struttura e imprime un equilibrio statico e formale alla sospensione. Baobab può essere appesa singolarmente o a gruppi: le suggestioni sono infinite.

EN

Its fine branches are lines of desire chasing the light to create harmonious weaves in space. Baobab, a suspension or floor lamp, is the answer to the endless search for beauty with an ethereal interplay of light, shapes and transparencies. The large sized bulbs, positioned at the ends of an almost imperceptible metal frame, redefine the concept of style. A counterweight in precious metal, reminiscing the Italian design of the 50s, keeps the sleek structure balanced and gives a static and formal equilibrium to the art of suspension. Baobab can be hung individually or in groups: the options are endless.

FR

Ses fines branches sont des lignes de désir qui poursuivent la lumière et créent dans l'espace des entrelacs harmonieux. En version suspendue ou lampadaire, Baobab assouvit l'éternelle recherche de la beauté à travers un jeu léger de lumières, de géométries et de transparencies. Les ampoules de grandes dimensions qui se trouvent aux extrémités d'une armature métallique quasiment imperceptible redéfinissent le concept de style. Clin d'œil au design italien des années cinquante, un contrepoids en métal de qualité supérieure maintient l'alignement de la frêle structure et assure l'équilibre statique et le galbe de la suspension. Suspendue seule ou en groupes, Baobab se prête à une infinité d'agencements.

DE

Seine dünnen Äste sind Wunschlinien, welche das Licht verfolgen und im Raum harmonische Verflechtungen erzeugen. Baobab, als Hänge- oder als Stehlampe, entspricht der ständigen Suche nach Schönheit mit einem ätherischen Spiel von Licht, Geometrien und Transparenz. Die am Ende eines fast nicht wahrnehmbaren Metallrahmens platzierten großen Birnen definieren das Konzept von Stil neu. Ein Gegengewicht aus edlem Metall, kultivierter Verweis auf das italienische Design der fünfziger Jahre, hält die dünne Struktur auf Achse und verleiht der Hängelampe ein statisches und förmliches Gleichgewicht. Baobab kann einzeln oder in Gruppen aufgehängt werden: die Reize dabei sind unendlich.

ES

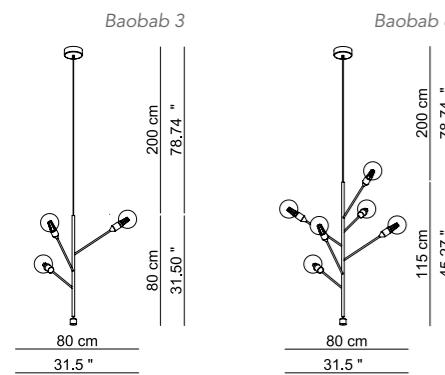

Sus ramas finas son líneas del deseo que siguen la luz y crean trenzados armoniosos en el espacio. Baobab, lámpara suspendida o de pie, responde a la eterna búsqueda de la belleza con un juego etéreo de luces, geometrías y transparencias. Las bombillas grandes, situadas en el extremo de un armazón metálico casi imperceptible, redifinen el concepto de estilo. Evocando el diseño italiano de los años Cincuenta, un contrapeso de metal de alta calidad mantiene la estructura alineada e imprime un equilibrio estático y formal en la suspensión. Baobab puede colgarse individualmente o en grupos: las ideas son infinitas.

Its shape reminisces that of ancient lanterns, but Diogene reinterprets the golden rules of design with sleek lines and a contemporary spirit. It is an eclectic table, floor or ceiling lamp: a simple clasp or cord supplied in the pack can be used to attach it to a support structure. Diogene witnesses the birth of a new poetic aspect of functionality, brimming with unexpected facets and expressions: its flat surface can be turned into a small table. Ideal for both indoor and outdoor use, its light philosophy makes any space totally unique.

FR

The vigour of the metal, the tapered shapes, the affable character: the name refers to a household utensil, the steak hammer, to which the lamp also alludes in its shape and sturdiness. Hammer is a versatile lamp with endless expressive possibilities: single or multiple, suspension or ceiling, wall or recessed spotlight, it always infuses a discrete but precise light. Its slim, streamline twisted metal body boasts daring finishes in cornflower blue, China blue, lime, brick red, lead grey and brass or classic white. Innovation has a reassuring appearance.

OLIVIA

Maliziosa e femminile, Olivia seduce con le forme morbide di una campana e il potere magnetico della luce. La finitura in plissé classic o ribbon, abbinata a un supporto rigido stampato in PMMA e/o PC translucido, esalta le linee generose della lampada ed evita di intravedere le ombre create dal grigliato del telaio metallico. A sospensione o plafoniera, in due misure, ha un tessuto in plissé, monocolor o bicolore: uno stile delicato che infonde grazia in qualsiasi interno.

EN

Mischiefous and feminine, Olivia seduces with the soft shapes of a bell and the magnetic power of the light. The classic pleats or ribbon finish, combined with a rigid moulded support made of PMMA and/or translucent PC, enhances the sweeping lines of the lamp and hides the shadows created by the metal frame grid. A suspended or ceiling lamp, in two sizes, with a pleated fabric in one or two colours: a delicate design that infuses a sense of graceful style in all environments.

FR

Féminine et malicieuse, Olivia séduit par sa silhouette moelleuse et par le pouvoir magnétique de la lumière. Associé à la finition en plissé classique ou à godron, un support rigide moulé en polyméthacrylate ou en polycarbonate translucide exalte les lignes généreuses de la lampe et évite les ombres que crée inévitablement un châssis métallique. Suspension ou plafonnier, Olivia existe en deux tailles et s'habille en tissu plissé monocolore ou bicolore: un style délicat qui revêt de grâce les espaces intérieurs.

DE

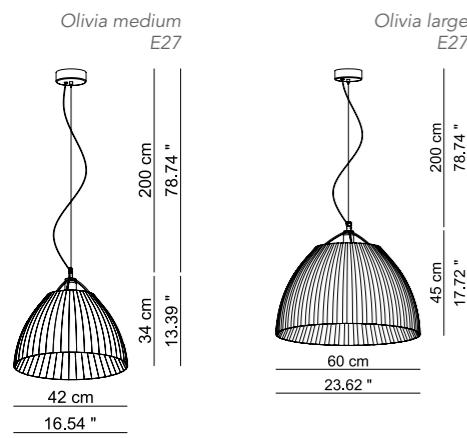

Verspielt und weiblich, Olivia betört mit den weichen Formen einer Glocke und der magnetischen Macht des Lichtes. Die Oberflächenfertigung in Classic- oder Ribbon-Plissee, gepaart mit einem aus PMMA bzw. durchscheinendem PC gespritzten starren Gestell, unterstreicht die üppigen Linien der Lampe und vermeidet, dass die durch das Gitter des Metallrahmens erzeugten Schatten sichtbar werden. Als Hängelampe oder Deckenleuchte, in zwei Größen, mit einem Plissee-Stoff, ein- oder zweifarbig: ein zarter Stil, der jeglichem Innenraum eine gewisse Anmut verleiht.

ES

Maliciosa y femenina, Olivia seduce con la forma suave de una campana y el poder magnético de la luz. El acabado clásico plisado o galloneado combinado con un soporte rígido moldeado de polimetacrilato o de policarbonato translúcido, exalta las líneas generosas de la lámpara y evita ver las sombras originadas por la rejilla de un chasis metálico. Suspendida o de plafón, en dos tamaños, tiene un tejido plisado, monocolor o bicolor: un estilo delicado que reviste de gracia cualquier interior.

ORB

La nuova costellazione luminosa si è imposta nell'universo del design con la forma perfetta e archetipica della sfera: nel gergo dell'ottica, gli Orb sono globi luminescenti enigmatici e arcani. Modo Luce li ha resi icone intramontabili, consacrate dal successo commerciale e dagli encomi dei massimi esperti di stile. Ora, la famiglia Orb si allarga con una nuova misura, attraversata da una struttura metallica allungata che, oltre a costituire elemento portante, completa e arricchisce la fonte luminosa, un modulo LED di ultima generazione. Nella versione singola o in composizione a due elementi, Orb 40 conserva intatte le finiture galvaniche e vernicate che lo hanno reso un oggetto senza tempo.

EN

A new luminous constellation has made its mark in the design world with the perfect and archetypal shape of the sphere: in optic jargon, Orbs are enigmatic and arcane glowing globes. Modo Luce has turned them into timeless icons, blessed by their success on the market and the praise of the leading style experts. Now, the Orb family has been extended to include another size, crossed by an elongated metallic structure that, in addition to acting as the support structure, completes and enhances the light source, a latest generation LED module. In a single version or in a composition of two elements, Orb 40 preserves the galvanic and painted finishes that have made it a timeless object.

FR

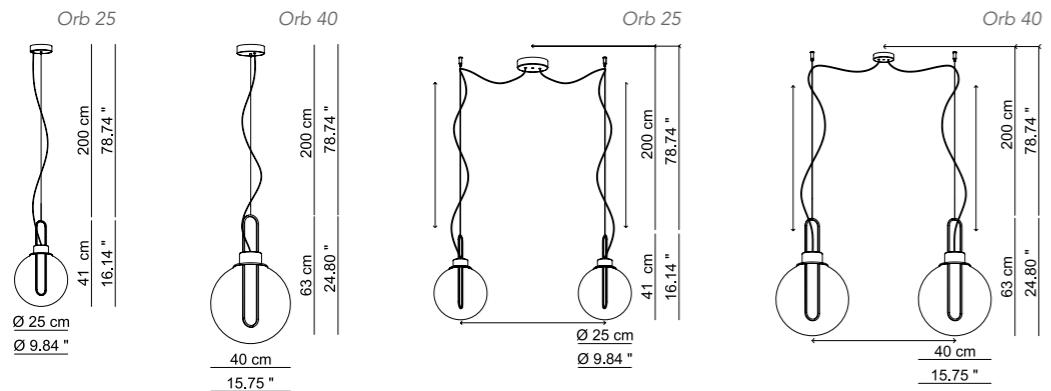

La nouvelle constellation s'est imposée dans l'univers du design avec la forme parfaite et archétypique de la sphère: en optique, les Orbs sont des globes lumineux, énigmatiques et mystérieux. Modo Luce en a fait des icônes intemporelles consacrées par un succès commercial et saluées par les plus grands experts en style. Aujourd'hui, la famille Orb s'enrichit d'une nouvelle taille. La lampe est traversée par une structure métallique allongée qui non seulement joue le rôle d'élément portant, mais complète et enrichit aussi la source lumineuse, un module LED de dernière génération. Dans la version simple ou en composition à deux éléments, Orb 40 conserve les finitions galvaniques et peintes qui en ont fait un objet indémodable.

DE

Die neue Licht-Konstellation hat sich im Universum des Designs mit der perfekten Urform der Kugel durchgesetzt: im Sprachgebrauch der Optik sind die Orb rätselhafte und geheimnisvolle Leuchtkugeln. Modo Luce hat aus diesen unvergänglichen Ikonen gemacht, die durch ihren Handelserfolg und die Anerkennung der wichtigsten Stilexperten gewürdigt wurden. Die Orb-Familie erweitert sich nun mit einer neuen Größe, durchquert von einer verlängerten Metallstruktur, die nicht nur das tragende Element darstellt, sondern die Lichtquelle vervollständigt und anreichert, ein LED-Modul der neuesten Generation. In der Einzelversion oder in Verbindung mit zwei Elementen bewahrt Orb 40 die galvanischen und lackierten Oberflächenfertigungen, die aus ihr einen zeitlosen Gegenstand gemacht haben.

ES

La nueva constelación luminosa se ha impuesto en el universo del diseño con la forma perfecta y arquetípica de la esfera: en el lenguaje de la óptica, los Orb son globos luminosos enigmáticos y arcanos. Modo Luce los ha convertido en íconos intemporales, consagrados por el éxito comercial y por el entusiasmo de los máximos expertos de estilo. Hoy, la familia Orb se amplía con un nuevo tamaño, atravesado por una estructura metálica alargada que, además de ser elemento de soporte, completa y enriquece la fuente luminosa, un módulo LED de última generación. En la versión individual o de dos elementos, Orb 40 conserva intactos los acabados galvánicos y pintados que lo han convertido en un objeto que no pasa de moda.
