I Laboratori di produzione sono dislocati nelle regioni italiane, dove ancora persistono competenze per lavorazioni artigianali e dove, di volta in volta, Michele De Lucchi ha affidato la realizzazione dei suoi disegni.

Perseo
2007 - 2015

Perseo fu un eroe della mitologia greca, uccise Medusa, fondò Micene e sposò Andromeda dopo averla salvata da un mostro marino.
Alle volte le associazioni mentali trascendono la pura logica e una vita così meritava pure di essere ricordata.
Perseus was a hero of Greek mythology. He killed the Gorgon Medusa, founded Mycenae and married Andromeda after having rescued her from a sea monster.
Associations of the mind may sometimes transcend pure logic, and so a heroic life deserves to be remembered.
